WELCOME TO PSA PARTS

At PSA, we give you access to the widest range of batteries, power accessories, IT peripherals and spare parts. From chargers and adapters to replacement screens and memory upgrades, you'll find what you need here.

We've been in this business for over 25 years. In that time, we've built up a range of over 3,500 products, been appointed a European licensed partner for Duracell, and established a distribution network that means we can ship to retailers and resellers worldwide – usually for delivery the next day.

This brochure gives you just a flavour of everything we have to offer you and your customers. For the full range, please see our website, or give us a call any time. We look forward to doing business with you soon.

YOUR PRODUCT FINDER

Adding our product finder to your website allows customers to find products quickly, and put them straight into your shopping cart. The design can be fully customised, so it integrates seamlessly with your own design.

An interface that can be fully integrated into your website

Your customer can easily search hundreds of major manufacturers, brands, models and products

The screenshot shows a web browser window displaying the 2-POWER product finder interface. The interface is titled "2-POWER" and features a three-step selection process:

- 1 Select the Product Category**: Includes a dropdown menu labeled "Select the Device Type".
- 2 Select the Manufacturer**: Includes a text input field.
- 3 Select the Model**: Includes a text input field and a "Filter Models" section with "Range" and "Series" dropdown menus.

Below the selection steps, there is an alternative search option: **OR Part number search:**, which includes a text input field and a search button.

PROFESSIONAL & ESTABLISHED FAMILY BUSINESS

PSA is still fully owned by the family who set up the company more than 25 years ago. So as well as a large and ever-expanding range of products and distribution channels, we have an incredible amount of specialist knowledge and experience within our business. You'll see it in our dedicated account managers, and our attentive, multi-lingual sales team, who all work tirelessly to deliver the highest levels of customer

service. Our in-house engineers batch test products to ensure our consistent high quality is maintained. And because we understand our customers' and partners' businesses as well as our own, we offer flexible, reliable services including next-day delivery, real-time order tracking and no minimum order quantities.
